

The AI Readiness Ladder

Awareness → Experimentation → Adoption → Transformation

Rung 4 Transformation

Teams redesign workflows and solve problems with AI.

Rung 3 Adoption

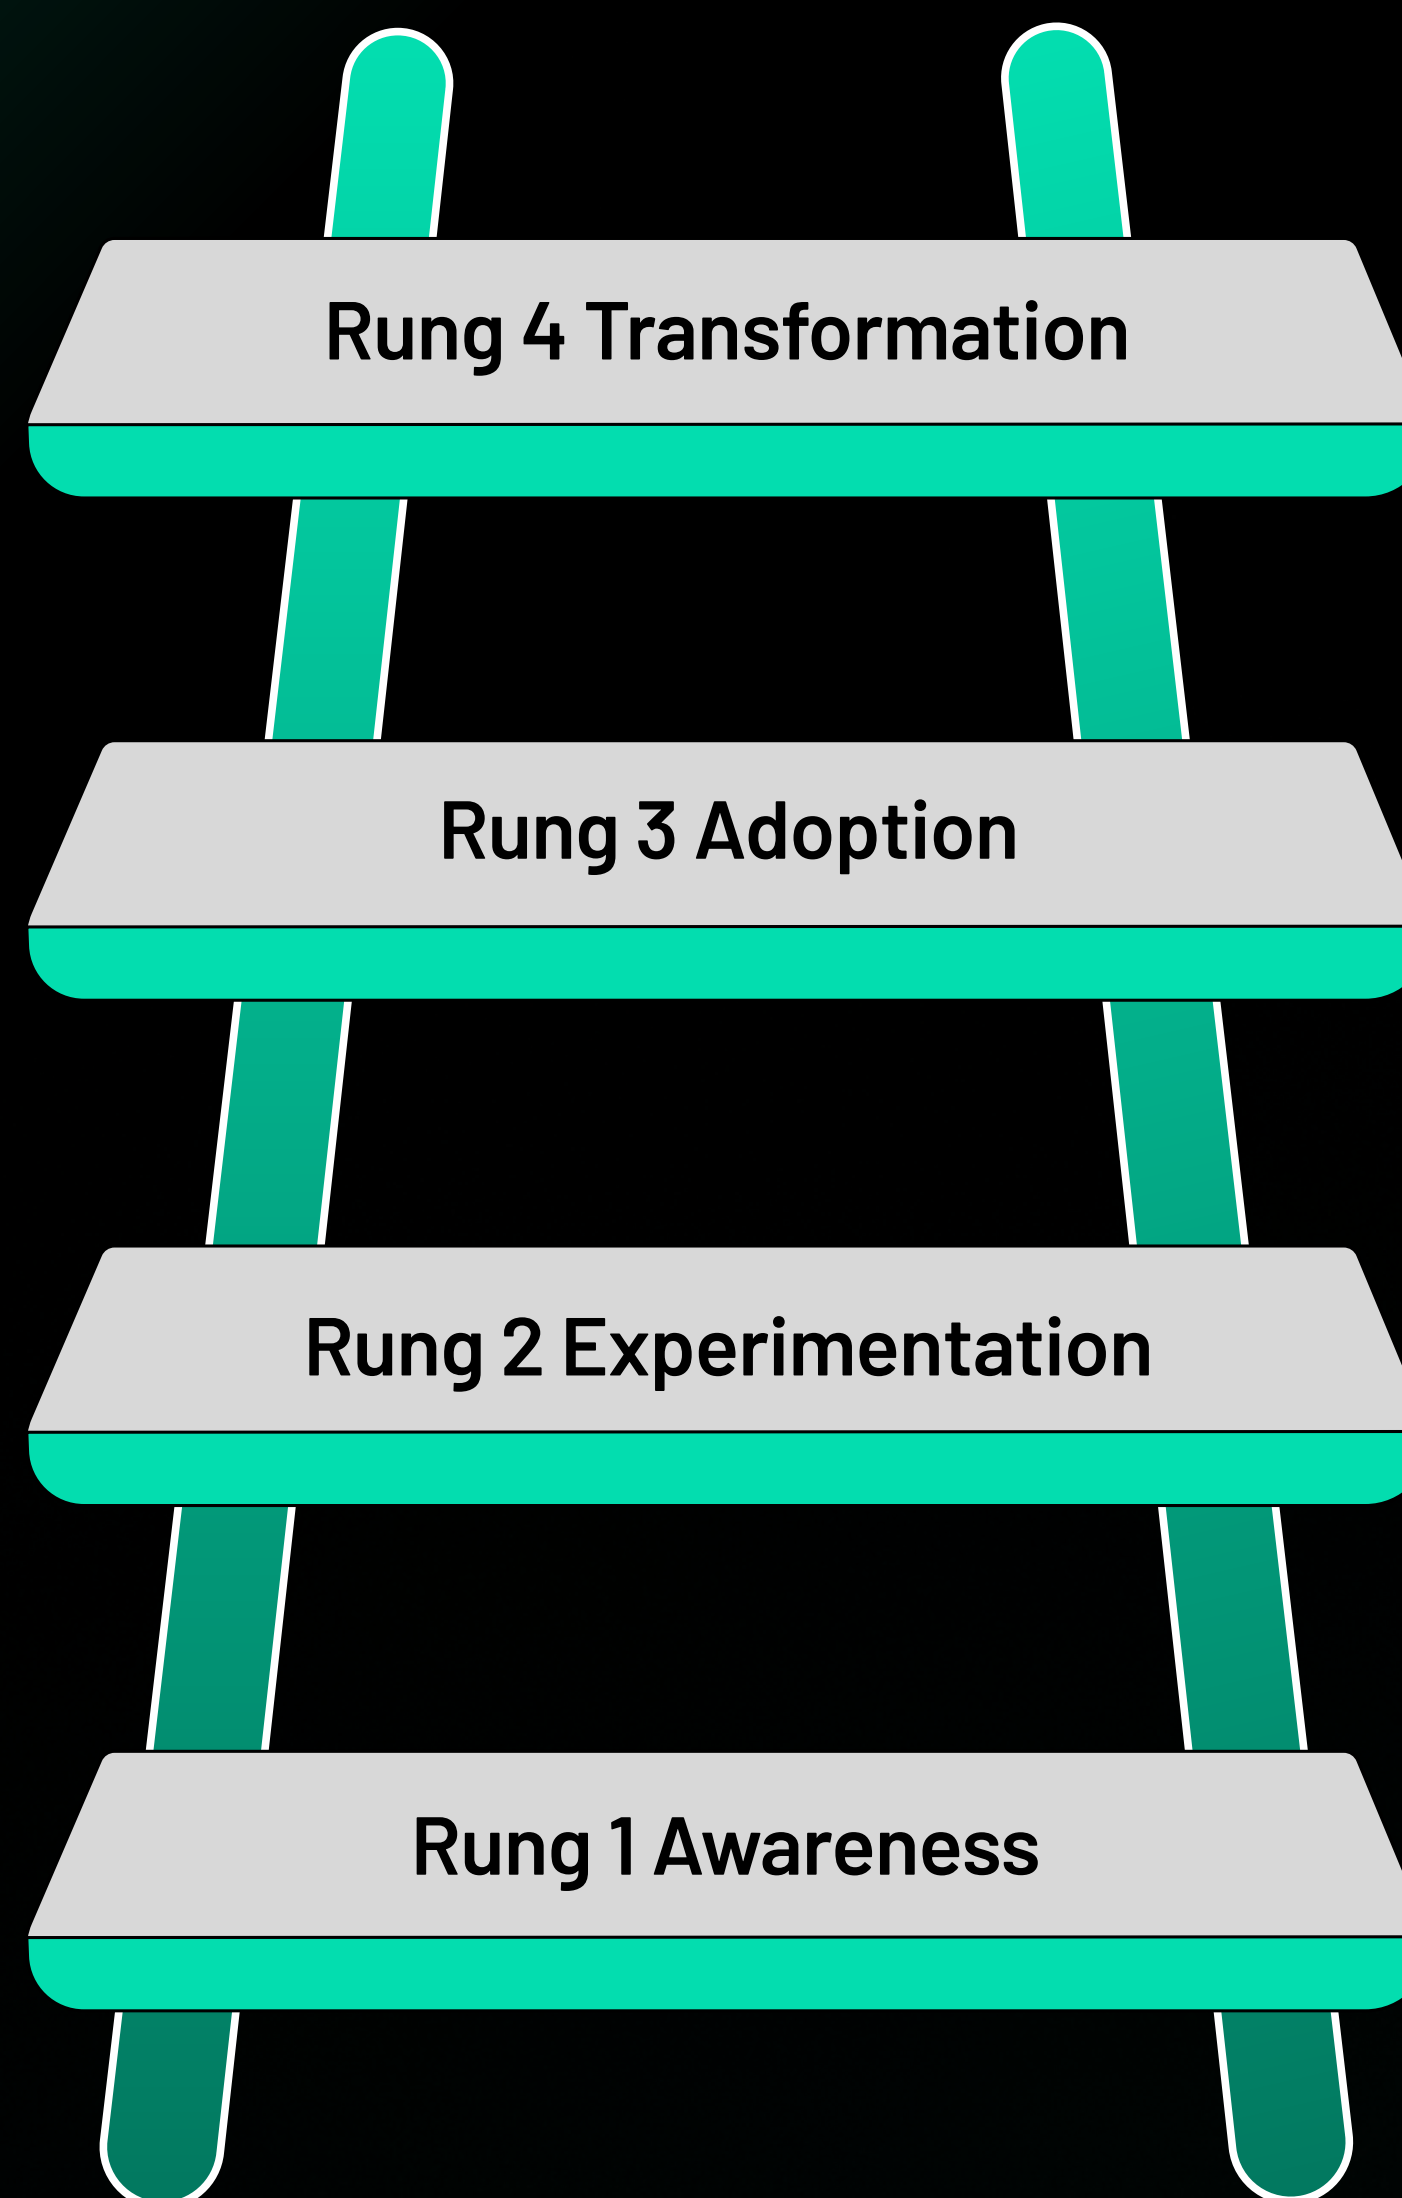

Employees integrate AI into their daily workflows.

Rung 2 Experimentation

Employees test AI through practical workplace tasks.

Rung 1 Awareness

Employees understand where AI can add value.

Where Most Workforces Stall

The biggest gap is between experimentation and daily adoption.

How Ozemio Helps

Ozemio delivers role-based learning through simulations, personalization, and ongoing skill development.
